# Would you like to check your work?

## Your proof should be used to check:

✔ For spelling mistakes and missing digits

✔ That you have included all the details you want (email, URL etc)

✔ If your design reaches all the way to the edge of the bleed

✔ The orientation of your design. If you fold this page in half would your designs face the right way up?

## Your proof can't help with:

✘ Color proofing – what you see on your screen will always look slightly brighter than the printed version. Similarly, your printer may not print exactly the same as ours.

**Please note:** This proof is designed to allow you to check your designs and to proofread (we know it's often easier on paper). It is not a full print-ready file. Any images on this preview are high-resolution but are not our full print resolution.

### Got a question?
If you're non-technical, this stuff can be a bit confusing. Have a read through our Frequently Asked Questions at **moo.com/help/faq**, but if that doesn't help, please do contact our Customer Service Team at **moo.com/help/contact-us.html**. They won't rest until you're 100% clear about everything you need to know!

### Need to print?
If you do need to print in order to accurately proof your work, please do – but remember to check how long it is! It'd be a shame to print out a 60-page document if all you need is the first one.
■ **Bleed** (your design should fill this)

□ **Trim** (this is where we aim to trim your cards)

⌐⌐ **Safe area** (Make sure any important aspects of your design such as text and logos are inside of the safe area, otherwise they may be cut off)

proof **Watermark** (Don't worry, this won't print)
